Artist Statement

My name is Francisco Soto, I'm a photographer part owner of Washington Winnona Images. From the on set out mission has been to improve our photography and be able to tell stories that will reach others that can't be there in the moment. With the photos that I have picked I have selected 3 images that can fell show the impact of the protest that happened over the course of 2 days. For the titles of the images I have selected 3 songs Nas' 1993 debut album Illmatic with each photos and song title I feel represented the message and seeing the community united for one effort.

Title: One time for your mind

Title: One Love

Title:Represent
