### PERSONAL INTERESTS AND ACHIEVEMENTS:

#### **Poet Laureate Emerita of York 2007-2010**

I was honored to be on the first poet laureate selection committee in 2002, and have watched the appointment expand and become more vital with every succeeding laureate's focus and talent. The Poet Laureate office is now a well-known resource for schools and organizations interested in studying and utilizing the literary arts. Each laureate has followed his/her own talents and interests to add new facets to the tradition of York's Poet Laureate. I proposed and organized Wordworks, a weekend-long creative writing celebration with featured readers and workshops.
