Website: ivymrodgers.com // Instagram portfolio: @ivymrodgers

As a fine artist and writer, I am passionate about portraying the world around me while analyzing it. I am constantly learning and trying new things, and am not afraid of criticism. My goal is to work with organizations and businesses where collaboration and community-building is at the center of the work. I am fully committed to uplifting all peoples regardless of background or experience, and am very passionate about animal rights, veganism, and culturally sustaining pedagogy.
